## Hydrobox NIBE MHB 05

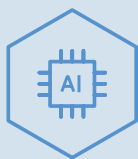

The MHB 05 is a small and simple hydrobox for the replacement market. Replace your fossil heat source with an energy-efficient and climate-smart heat pump solution from NIBE. Or become less fossil dependent with a hybrid solution by supplementing your existing heating system with the MHB 05 and an air/water heat pump.

The MHB 05 is a wall-mounted hydrobox for heat and hot water production and can be combined with NIBE air/water heat pumps. Control, circulation pump and electrical backup are integrated for easy installation. Select the size of hot water tank that best suits your needs.

Thanks to smart technology, the product gives you control over your energy consumption, and will be a key component in your connected home. The efficient control system automatically adjusts the indoor climate for high comfort and you're doing nature a favour at the same time.

- **Combine with a NIBE air/water heat pump for an energy-efficient and climate-smart heating system**
- **Easy and space-saving installation**
- **Select a hot water tank to suit your needs**

# Specifications NIBE MHB 05

NIBE MHB 05		A+++/A++	A++/A++
Efficiency class 35/55°C Product Label <sup>1)</sup>			
Supply voltage	V	1x230	
Additional power	kW	1 / 3	
Height / Width / Depth		565/365/300	
Minimum supply line temperature	°C	17	
Compatible heat pumps		S2125 (8 and 12 ), F2040 (6, 8 and 12 ), F2050 (6, 10), AMS 20 (6, 10) with HBS 20, AMS 10 (6, 8, 12) with HBS 05	

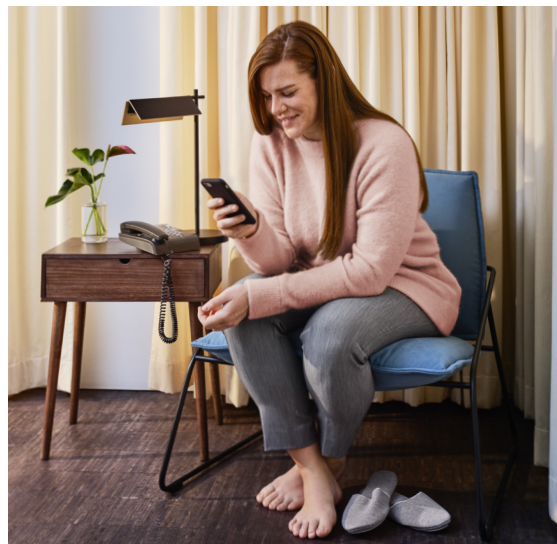

<sup>1)</sup>Scale for the product's efficiency class room heating: A+++ – G.

## Sustainable energy solutions

Since 1952, NIBE has been manufacturing energy-efficient and sustainable climate solutions for your home. It all started in Markaryd in Sweden and we value our Nordic heritage by harnessing the power of nature. We combine renewable energy with smart technology in order to offer effective solutions so that together we can build a more sustainable future.

Whether it's a chilly winter's day or a hot summer's afternoon, we need a well-balanced indoor climate for a comfortable everyday life, whatever the weather. Our wide range of products supplies your home with cooling, heating, ventilation and hot water, so that you can create a pleasant indoor climate with a low impact on nature.
