

## Indoor module NIBE VVM \$330

The NIBE VVM S330 is an intelligent indoor module designed to cool your home. Together with a NIBE air/water heat pump, it forms a complete climate system. The system provides optimized savings as it automatically adapts to the house's output requirements all year round.

The NIBE VVM S330 has a smart, user-friendly control system which provides efficient heating/powerful cooling and hot water with high performance. The effective cooling function allows the heat pump to deliver a comfortable indoor climate even at high outdoor temperatures. Together with a NIBE air/water heat pump, it forms a complete solution for simple installation and high comfort.

With integrated Wi-Fi and the possibility of connecting to wireless accessories, the NIBE S-Series will become a natural part of your connected home. The smart technology adjusts the indoor climate automatically, while you enjoy complete control via your smartphone or tablet. A high level of comfort and low energy consumption – and you're doing nature a favour at the same time.

- Combine with a NIBE air/water heat pump for a complete climate system.
- Built-in powerful cooling down to +7°C.
- User-friendly touchscreen, wireless accessories and integrated wireless connectivity with energy-saving smart technology for a high level of comfort.

## NIBE VVM S330 Specifications

		NIBE VVM \$330
Additional power	kW	7 (1 × 230 V) / 9 (3 × 400 V)
Tap volume 40 °C during Medium	I	approx. 240
Advantage		Effective cooling function down to 7°C, built-in
Connection		Тор
Rated voltage	V	230V-50Hz / 400 V 3N ~ 50 Hz
Height / Width / Depth	mm	1800 / 600 / 620
Weight	kg	130
Compatible outdoor units		NIBE S2125-8, 12, NIBE F2050-6, 10 and F2040-12

## Sustainable energy solutions

Since 1952, NIBE has been manufacturing energy-efficient and sustainable climate solutions for your home. It all started in Markaryd in Sweden and we value our Nordic heritage by harnessing the power of nature. We combine renewable energy with smart technology in order to offer effective solutions so that together we can build a more sustainable future.

Whether it's a chilly winter's day or a hot summer's afternoon, we need a well-balanced indoor climate for a comfortable everyday life, whatever the weather. Our wide range of products supplies your home with cooling, heating, ventilation and hot water, so that you can create a pleasant indoor climate with a low impact on nature.
